## Complete Row Crop Starter

6-24-6-1S .15Zn .005MN .005CU is a high quality liquid fertilizer that is designed to deliver the appropriate amount of nutrients to get row crops (corn, soybeans, sunflowers, etc.) off to a healthy start, while ensuring seed safety. 6-24-6-1S is a clean, easy to handle and uniform solution of nitrogen, phosphate, potassium, sulfur, zinc, manganese, and copper. This product is 50% ortho phosphate 50% poly phosphate blend. The micro nutrients are 100% EDTA chelated.

### Benefits of Prescription Agronomics Starter Fertilizers:

- Enhance early season crop growth and uniformity.
- Prevent nutrient deficiencies due to cool soils and unavailability of nutrients.
- Better root development for season long healthy plants.
- Banded to improve fertilizer availability and efficiency.
- Increase yield and increase profit.
